Rheinbrohl, January 2024

**International Reenactment Market IRM2024 – 20.-21.04.2024**

Dear Ladies and Gentlemen,

I would like to introduce to you a new event to be held at the **RömerWelt Museum in Rheinbrohl** (Germany).

This event is a follow-up of a well-established series of events formerly presented by the Archaeological Park Roman Villa Borg (IRM2011-IRM2018). Since the administration at Borg/Merzig refused to continue this series of events, I had to find a new suitable location. The **RömerWelt Museum at Rheinbrohl**, located between Bonn and Koblenz, successfully fills this gap since 2022.

**The IRM2024 will again be open to all epochs ranging from Stone Age until 19th Century.**

The IRM is the first successful attempt to create and establish a reenactor's market event in Germany, which mainly presents high quality reproductions for museums and reenactors. All contact informations of the participants (traders / craftsmen) will be available online on the IRM-website for a long period of time after the event in order to enable better research for potential customers.

Since this is just a very short introduction to the IRM-concept, I would ask you kindly to refer to the IRM-website **www.reenactmentmesse.com** for details. Please contact me by email or phone in case there are further questions:

**Frank Wiesenberg**

Germany

I do hope that this aroused your interest in the IRM2024 and I am looking forward to receiving your application for participation in the IRM2024 **until March 1st**. Application may be sent by mail or email.

Best regards,

Frank Wiesenberg (for the IRM).
